...more than just yarn

Production

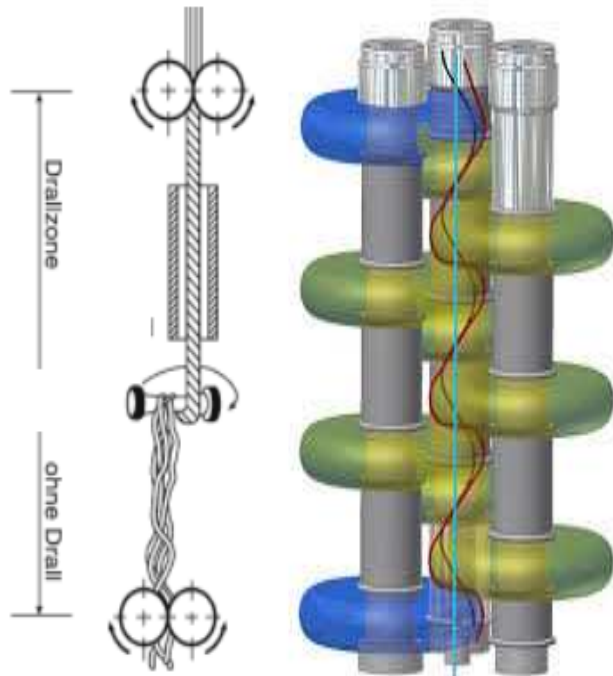

beag produces:

- elastic bulky texturized yarns (DTY, PIN)
- inelastic airjet texturized and intermingled yarns (ATY, IN)
- single- and multiple-twists (TWY) and elastic-covered yarns (xTWY)

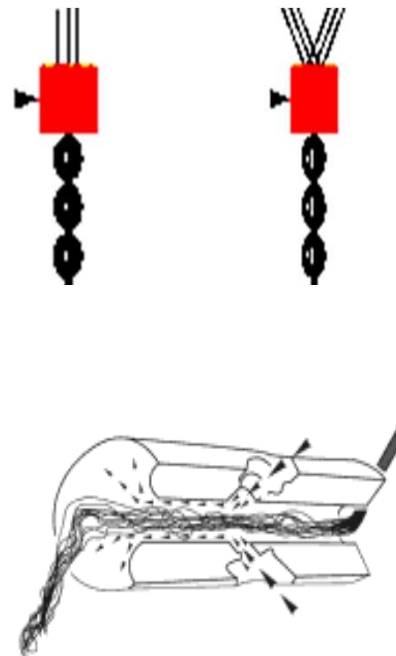

beag offers as added value:

- 100% dye-selected yarns by color groups
- support service from raw yarn to your end use
- development cooperation and yarn audits

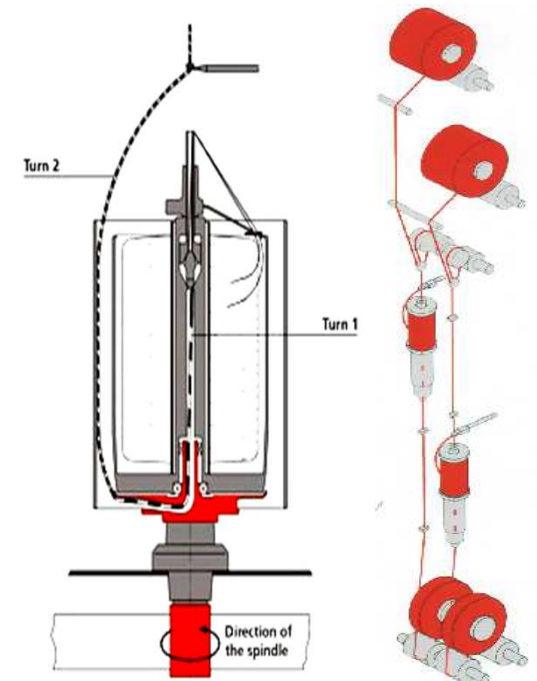

Texturizing

Airjet texturizing

Twisting

...more than just yarn

Products

beag uses all synthetic filament yarns:

- Polyamide
- Polyester, Polybutylene terephthalate
- PA66 permanently flame-retardant

and mixed yarns made of:

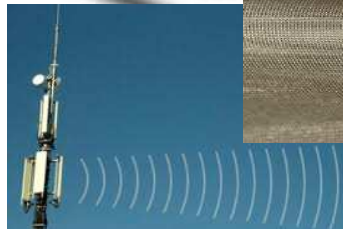

- Elastane
- Copper
- Carbon
- and much more (Aramid, UHMWPE, high tenacity yarns...)

Count range: 22 – 5'000 dtex, possible with 50 – 900 tpm
